Subject: "The Rope"

Hello,

My film screened with "The Rope" at the Sarasota Film Festival this past week and I just want to write and tell Phillipe I really enjoyed it. This was the only contact information I could find, and I am assuming this is his manager, but if you could pass this along- however small a simple "I like your movie" seems, I'd still like him to know.

My film is "The Unseen Kind-Hearted Beast". I make bizarre absurdist experimental narratives, so I truly appreciated seeing another film that pushes the boundaries of cinematic reality.

Take Care,
Amy Seimetz
